Hi Kathryn,

When I returned home after seeing you at the signing today Sue and I opened you very nice gift. I'm sure that we and our family will enjoy the videos. We are getting to gether with friends for dinner this Saturday evening. I'll have the conversation starters ready. The carmel corn will be gone by then. Thank you for your thoughtfulness.

I really enjoyed seeing your little red headed princess. She is a doll. I am partial to little girls, being the father of three of them.

And, thank you for guiding me through the turmoils and tribulations of rental ownership. The burden of the large majority of handling it all fell on you. I recognize all of the hard work that you have done and are still doing. You are a trooper. Thank you again.
